

# SCHOOLS V MOUNTAINS

## NATIONAL THREE PEAKS CHALLENGE

Dear Parents/Guardians

As you may be aware, teachers from our school, namely Mr Griffiths and Mr Williams, will be participating in the National Three Peaks Challenge on 22<sup>nd</sup> June 2019 along with colleagues from other schools.

This is a wonderful opportunity to work collaboratively with other schools across Flintshire and Wrexham to support the children within our care and families within the wider community.

As a team, we all come from different contexts - large primary schools, small primary schools and a large high school but we all serve our local communities, the children within our care and we want to ensure their safety within the wider community. We therefore decided to join forces and tackle this challenge together, raising money for the health and wellbeing of pupils within our own respective schools whilst donating a share to North East Wales Search & Rescue.

NEWSAR is a volunteer Search and Rescue (Mountain Rescue) Organisation operating in North East Wales and mainly covers the counties of Flintshire, Denbighshire, Conwy, Wrexham, Powys and parts of Wirral and Cheshire. They provide the Police, Ambulance Service and local communities with a highly competent search and rescue capability that can be deployed swiftly, safely and effectively 24 hours a day, 365 days per year. To find out more about their service, take a look at their website <https://newsar.org.uk/>

This is not an easy challenge but it will certainly be one that all staff endeavour to complete in order to help the pupils within our schools and provide a valuable emergency service should any of our families and friends ever need this support in the future.

If you can help support our schools and this very worthy cause, we would really appreciate it. We respectfully ask that you try to donate via the fundraising page/link only and not to the individual schools as we have decided to enter this journey together and support one another throughout the challenge.

A little mention on the donation page would be a welcome addition though and we promise to update the page with updates of the challenge.

Many thanks for your continued support

Mr Griffiths
